Days of the Week- English & Spanish

Flat Shape - Rectangle

Solid Shape - Prism

Dental Health Month

Author of the Month: Mo Willems

The children have been practicing their names, addresses, and phone numbers and are doing well. Please continue to practice this with your child at home. Our House Chart is beginning to fill up with star stickers and the children are excited about receiving their awards.

We will be celebrating Valentine's Day on Wednesday, February 14. If you have signed up for your child's class party, your class parent will contact you. It will be such fun to see the children hand deliver their Valentine cards to their friends!

We will introduce dental hygiene this month and the children will be learning how to keep their teeth healthy, clean, and bright. The children will be making a large toothbrush chart that will be going home soon. Please keep the chart at home, and when your child brushes his/her teeth in the morning and at night for 4 weeks in a row, return the chart and we will give him/her a special sticker and award. Please help your child with this activity by keeping the chart in an accessible place. By helping your child with this task you are providing him/her with the skills to be an independent pre-schooler!

We have started testing for the 4-year-old classes. In a few weeks we will be sending home progress reports for all of the children. For those interested in having a parent/teacher telephone conference, we will also be sending a form home for you to schedule a day and time. We're excited for you to see the progress your little ones have made!
