Color of the Month: ORANGE

Nursery Rhyme of the Month: ITSY BITSY SPIDER

Shape of the Month: TRIANGLE

**Fairy Tale of the Month: 5 full day class only - CINDERELLA

The 3-year old children have adjusted well to their new surroundings. They are beginning to follow the routine of the day. Circle Time is quiet, listening, and learning time, and we have many wonderful listeners! They are enjoying building with blocks, playing with Legos, and all of the centers.

Thank you to all the parents who volunteered to be class parents. The following parents are the class parents for your child's class:

Yellow Room - Nicole Galvin - Ryan's mom

Blue Room - Vicki Fitzpatrick - Laynie's mom

Red Room 3s - Jessica Schlesinger - Sadie's mom

The first party of the year will be on Thursday, October 29 to celebrate Halloween. The class parents will be asking parents to provide paper goods and NUT-FREE treats for the children. You can send treats in your child's backpack the day of the party; non-perishable items can be sent in any time before the party. Parents do not attend the party, but please come to our amazing annual Halloween Parade which will take place at 10:30a.m. sharp! We will be circling our

parking lot 2 times, then we will sing a few spooky songs for your entertainment. Please be on time as this event is short and you would not want to miss your Halloween treat. Moving forward, the class parents will be in touch before each of our classroom celebrations so that all families will have an opportunity to contribute.

The 5-full-day 3-year olds enjoyed a music class with Mr. Matt of the Turtle Dance Band. The class was via Zoom and was arranged for us by Miss Marybeth, the children's librarian at the Blauvelt Library. Thank you Miss Marybeth! We hope to participate in additional classes with Mr. Matt throughout the year. We also had our first music class of the year with Miss Tatiana of Rose Grace Theater!

This month the children will be learning about the color orange and which two colors we need to make this beautiful hue. Can you guess? They will be creating Halloween decorations to make your home the talk of the neighborhood. We will be practicing Halloween songs, which I am sure will delight you and get you in the mood for fun!

Learning about fire safety is fun, and the children will be learning many new things including "STOP, DROP, and ROLL." We will be practicing this fun activity at school. Ask your child to share what he/she is learning. You will be amazed at how much they retain.
